Maharashtra Motor Vehicles Department

Step by Step guide for Online Doctor Registration for Issuance of Form 1A

1. Background

Motor Vehicles Department, Maharashtra (MVD) is primarily established for the implementation and enforcement of the provisions of the Motor Vehicles Act, 1988. One of the main functions of the MVD is ensuring good drivers on the road. MVD ensures so by taking a test of the drivers who are trained and ready to drive and MVD issues Driving Licenses to the successfully passed applicants. MVD offers multiple services to its citizens and is in process of making various citizen services completely online which will negate the need to visit Regional Transport Offices (RTOs) for any physical verification. One such process is the issuance of a Medical Certificate (Form 1A).

According to the MV Act, any person who is above the age of 40 or wants to drive a Transport class vehicle must have a Medical Certificate in Form 1A for applying for Driving License. A medical certificate can be issued by any doctor who is registered with Maharashtra Medical Council. MVD has recently made the issuance of medical certificates (Form 1A) online by the doctors on NIC's Sarathi portal, however, registration of doctors on the portal still involves a physical process. Due to this, not many doctors are registered on the portal, and even today, a Medical Certificate (Form-1A) is issued by doctors on a physical paper.

Since Form 1A is issued manually, it is required to be uploaded by the applicant on NIC's Sarathi system at the time of applying for the license. The application goes to the Regional Transport Office (RTO) for multi-tier approvals. Also, presently there are no means to validate the authenticity of the medical certificate uploaded by the applicant since its manual.

2. Online Doctor's Registration System

To address the above challenge, the MVD has developed an online system on the Sarathi portal wherein the medical practitioners registered under Maharashtra Medical Council can register themselves online to issue Form 1A to their citizens. To register, doctors shall be required to undergo Aadhaar authentication to validate their personal details and upload the Maharashtra Medical Council Registration Certificate. The application for registration will be verified by the concerned RTO, post which doctors will be provided with login details to log on to the portal.

3. Benefits

- Ease of online registration of the medical practitioners.
- Ensuring an end-to-end transparent online system for the issuance of Form 1A to the citizens.
- No need for physical issuance of the medical certificate in Form 1A.
- No requirement of a physical visit to RTO offices.
- Ensuring road safety across the state as the medical certificate is one of the key documents which signifies the fitness/health status of citizens for driving on road.
